About the Class: This Sunday School class was formed in the fall of 2012 and is thriving. It has been a haven for folks who have wanted to plug in but couldn't get comfortable in an already established class. The class has purposefully strayed from being in a “category” and seeks to attract a variety of folks from every walk of life. The teachers have been/will be class members and BUMC clergy with the typical study lasting between 2 to 6 weeks – allowing for much variety and different teaching styles.
